

RIS Chamber Orchestra Debut Concert

by Sioux S.

On Tuesday, November 11, the RIS Chamber Orchestra held their debut concert performed by 20 musicians from Middle and High School. Their hard work showed as they played harmoniously together. The event was made even more spectacular by special performances by a famous cellist, Mr. Yukihsa Nakagawa, accompanied by our very own talented Ms. Hyesun Chung on the piano. Even more spectacular was the fact that they played that song only after one practice! The students amazed the

audience with a great closing by performing "CAN CAN," a fun, upbeat song and a great way to end the night.

RIS PA showed their support of this event by hosting the reception after the concert. We would like to encourage those who missed the event this year to try and catch it next time. Seeing our students' latest endeavor is more than music to our ears, it is a sense of pride to see their accomplishment.
