Aims

- To provide an opportunity for sharing best practices in international education.
- To provide an opportunity for teachers to develop professional networks in the Bangkok area.

Last year, 340 educators from international schools in Bangkok and around the country attended the first Bangkok Teachers Network Conference, and this year an even larger turnout is expected.

Program

- **Keynote address by Dr. Mark Hensman**, Headmaster, Harrow International School
- **Over 50 Teacher-presented Workshops and Idea Exchanges** on a wide variety of topics
Special note to EARCOS schools: The EARCOS organization has agreed to extend the deadline for ETC workshop submissions to November 22, which means schools can use the BTN venue to vet potential ETC workshop proposals for their schools.
- **Over 25 participant-facilitated "job-alike" forums** for the discussion of issues in content areas and/or grade levels.
- **Vendors**
A variety of textbook and educational vendors, as well as the Thai Crafts Fair, will have items displayed for browsing as well as purchase.
- **Social Hour**
The conference will conclude with a social—beer, wine, and light snacks will be provided. This is a chance to connect with others who share the same interests, not only educational, but personal as well—a great opportunity to connect with other runners, bicyclists, scuba divers, bookworms, music lovers, gardeners (or whatever) in attendance.
- **Professional Development Certificate**
Participants will receive a certificate verifying attendance for their professional growth records.
