

February 29, 2008

Dear Parents, Faculty and Staff:

It is nice to be back to the office again after spending two weeks in the cold winter weather in New York. My heart is warmed quickly, however, when seeing the familiar faces of the children, staff and parents on our school campus. My trip to the U.S. with members of the administrative council was more than what we expected, as we have hired some top notch teachers for our next academic year. I am happy to report, "mission accomplished."

I am so sorry I missed the Fun Fair last Saturday. From what I hear from the students and staff, it was very successful and well attended. The charity performance, Academy Fantasia 4, was big hit among the patrons. I would like to thank all of you who made this event a great success.

Also, I would like to mention another great program that had an excellent start last week. Our Governor of Bangkok, Mr. Apirak Kosayodhin joined our students and staff to officially open our Learning in Motion program which we started as part of our 50th Anniversary Celebration. Our high school students will be spending an hour each week with pre-school children at Minburi learning centers beginning this week. We are very proud of our students and their tireless efforts to serve the greater community.

Well, there are many activities going on at the campus. We are busy preparing for the 50th Anniversary Closing Ceremony, which will be held on May 7, 2008 at 1:30 PM. Please mark your calendars, and we will get back to you with more details later.

That's all for now. Talk to you next Friday.

Peace,

Fr. Pattarapong Srivorakul, C.Ss.R.
Head of School
