

JC Induction Ceremony

"The elementary junior council provides a platform to recognize potential and future leaders and allows them to build skills to be role models who can positively influence their peers. The JC's make an important contribution to the elementary section by working with teachers and students to foster effective communication and give students a sense of ownership in our school programs. As all our students are future stewards of a just and sustainable world, so go the JC's in leading the way to that future and creating the vision we hope to work towards. The JC's are our leaders and our cheerleaders. We are looking forward to seeing a lot of them this year."

Mr. Jim Gerhard (Assistant Principal)

The opportunity to lead and serve begins early at Ruamrudee with our Junior Council program.

"Being a JC is not just about wearing a cool vest! As a JC, I have the responsibility to be a positive role model for my classmates and other students in the school. If a student is having difficulty, a JC can always help. A JC likes helping others and setting a great example for everyone! I think my job as a JC will improve my leadership skills, and help me develop responsibility and communication skills also. Thank you."
