

RIST Elects New Student Council

By RuethairatTrakulchang (Auem), RIST Student Council Secretary

Who is involved in providing the best for the RIST community besides teachers and staff? Who is willing to devote their time and energy to lead? Who will commit themselves to developing the school? Although you may have some ideas, often many questions surround the role of Student Council at our school.

The Student Council of RIST is an elected body of students who are dedicated to helping develop RIST, not only in terms of education, but also the environment in which they are learning. Furthermore, they act as an intermediary between the student body as a whole and the school administration in order to improve school activities and operations and to help increase cooperation between the two.

On September 1st in the PAC, eighteen enthusiastic candidates gave impressive speeches, expressing their willingness to perform as executive officers and to improve RIST with their open hearts and abilities. The air in the PAC was filled with suspense and excitement as each candidate was speaking. They all made the students, teachers, and staff believe that they were ready and eager to be a part of the Student Council of RIST.

The following day, RIST students voted for their choice of leaders to kick off to a good start of the new school year. The results were as follows:

- President :**
Saopetch Pompratarnsuk (Cheque) 11-2
- Vice President**
Puengsa-nguanSae-Lek (Pueng) 12-1
- Secretary :**
RuethairatTrakulchang (Auem) 12-2
- Treasurer :**
Chang Mok Lee 12-2
- HS Representative :**
Masahiro Kitamura 11-2
- MS Representative :**
Lalit Narukatpichai (Fern) 7-1
- ES Representatives :**
Sayako Suzuki, Hayato Akiyama, Ling Yi Wu (Sally)

Moreover, 27 Homeroom Representatives were selected to be a part of the Student Council. This year there are 33 young leaders who will stand for RIST students as well as represent RIST as a top school in Thailand. Congratulations to you all!
