Publication Information:

Our school newsletter is published four times a year or at the end of each school quarter. The objective of the publication is to report on and communicate happenings at Ruamrudee International School as well as at our sister school, Redeemer International School Thailand.

At least 2,000 copies are printed per issue to send directly to all students and their families. The Newsletter is also distributed among our faculty and staff numbering over 500, and mailed to RIS alumni and friends. The RIS family is a large and growing community of international citizens.
