

U-11 Sports Continues to Grow!

With the successful completion of the 1st season U-11 boys and girls basketball, the U-11 soccer season is in full swing. There were so many young soccer payers wanting to play that RIS now has started two teams for the U-11. The A team will consist of mainly 4th and 5th graders and the B team soccer players starting from grade 2 to 4. There is only one U-11 girls soccer team, but they are training hard and learning the basic skills to become great soccer players.

With the success of the U-19 and U-17 teams, the interest in sports continues to grow here at RIS. With these teams consistently in the top three of all the Bangkok schools, the U-13 soccer teams will mirror the U-11 teams by having an A team and B team. This should give many of the ES and MS students the opportunity to become very skilled and able to compete at the JV and Varsity levels.

The BISAC and SEASAC tournaments are as follows :

January 10, 2009
BISAC Open Tennis Championships

January 17
